Special Note: For employees with multiple appointments you must take into consideration all hours on all appointments to calculate when the overtime premium is due.

Overtime Rules Defined

Please note, UM policies and Bargaining agreements may provide for more than what the federal and state laws require. For example: The AFSCME Bargaining agreement states employees are paid overtime premium of 1 ½ the employee's hourly rate and shift premium or special premium, if applicable when working in excess of their regular schedule of work of not less than eight hours in a day. See the above chart for type of hours that are counted towards the calculation of overtime pay for each workgroup at the University of Michigan. Also, **not all workgroups are eligible for all of the rules listed below.**

Over 40 in a workweek Overtime Rule:

Pay overtime at 1½ times an employee's regular rate of pay for hours worked in excess of forty (40) hours in a workweek.
Please note: Most non-exempt employees will use the Over 40 in a Workweek Overtime Rule. It is the default overtime rule in addition to any bargaining agreement language.

Exempt Staff and Overtime Pay:

In general, Exempt Staff are NOT eligible for pay above the monthly salary which is their annual salary divided by twelve (12). See Guidelines for Compensation for Additional Work Hours for Exempt Employees link below.
